

SAVED BY THE BELT PROGRAM

Submit your 'Saved By The Belt' Story @savingarkansaslives.com

The *Arkansas State Police - Highway Safety Office* **Saved by the Belt** program raises awareness about the importance and responsibility of everyone to buckle up. We at AHSO celebrate those individuals who were involved in a car crash and were **Saved by the Belt**. All of the individual stories on our website and SBTB program participants represent someone or a set of people who survived a car crash because the seat belt they were using did its job: protected the life of the person who was wearing it.

If you are ready to make a difference, just send in the details below! We will share your story on our website. Pictures truly are worth a thousand words. They are a great way of telling your story too, so please share any pictures you have of the crashed car.

Here's what we need:

- Crash Report from investigating law enforcement agency (Attach the report below or send it to: Arkansas Highway Safety Office-Saved by the Belt Program, 1 Arkansas State Police Plaza, Little Rock, AR 72209)
- The date the crash occurred and details about the crash.
- Explain how you feel being restrained saved your life and/or the lives of other occupants in the vehicle.
- Why you decided to wear your seat belt.
- Did you or others sustain any injuries during the crash?
- If you wish, please share any milestones you have encountered since the crash (graduation, marriage, becoming a grandparent, etc.)
